**Neutral Milk Hotel**

In the Aeroplane Over the Sea                      chords furnished by Ben Hargrave  
Written by Jeff Mangum  
Performed by Neutral Milk Hotel

[Chorus]

**G   Em   C   D**

**G**                      **Em**  
What a beautiful face

**C**  
I have found in this place

**D**  
that is circling all around the sun.

**G**                      **Em**  
What a beautiful dream

**C**  
that could flash on the screen

**D**                      **G**  
in a blink of an eye and be gone from me

**Em**  
soft and sweet

**C**                      **D**                      **G   Em   C   D**  
let me hold it close and keep it here with me

[Verse]

**G**                      **Em**  
and one day we will die

**C**                      **D**  
and our ashes will fly from the aeroplane over the sea

**G**                      **Em**  
but for now we are young

**C**  
let us lay in the sun

**D**                      **G**  
and count every beautiful thing we can see

**Em**  
Love to be

**C**                      **D**                      **G   Em   C   D**  
in the arms of all I m keepin here with me

[Bridge]

**Em   C   G   D**

**Em   C   G   D   D**

[Chorus]

**G** **Em** **C**  
what a curious life we have found here tonight  
**D**  
there is music that sounds from the street  
**G** **Em**  
there are lights in the cloud  
**C**  
\*Anna s ghost all around  
**D** **G**  
hear her voice as it s rolling and ringing through me  
**Em**  
soft and sweet  
**C** **D** **G** **Em** **C** **D**  
How the notes all bend and reach above the trees

**Em** **C**  
now how I remember you  
**G**  
how I would push my fingers through  
**D**  
your mouth to make those muscles move  
**Em**  
that make your voice so smooth and sweet  
**C**  
And now we keep where we don t know  
**G**  
All secrets sleep in winter clothes  
**D**  
with one you loved so long ago  
now he don t even know his name

[Bridge]

**Em** **C** **G** **D**  
**G** **Em**  
What a beautiful face  
**C**  
I have found in this place  
**D**  
that is circling all around the sun.  
**G** **Em**  
And when we meet on a cloud  
**C**  
I ll be laughing out loud  
**D** **G**  
I ll be laughing with everyone I see  
**Em**  
Can t believe  
**C** **D** **G** **Em** **C** **D** **G**  
how strange it is to be anything at all
