Daddy please hear this song that I sing
A **G** **F#m**
In your heart there s a spark that just screams

For a lover to bring a child to your chest that could lay as you sleep
A **E** **D**
And love all you have left like your boy used to be
Bm **E**
Long ago wrapped in sheets warm and wet

A **G** **F#m**
Blister please, with those wings in your spine.
A **G** **F#m**
Love to be with a brother of mine.
D **A** **E**
How he d love to find your tongue in his teeth,
D **A** **E**
In a struggle to find secret songs that you keep,
D **Bm** **E**
Wrapped in boxes so tight, sounding only at night as you sleep.

A **Bm** **E** **D**
And in my dreams you re alive and you re crying
A **Bm** **E** **D**
as your mouth moves in mine, soft and sweet
A **Bm** **E** **D**
rings of flowers round your eyes and I ll love you
A **Bm** **E** **D** **E**
for the rest of your life... when you re ready

A **G** **F#m**
Brother see, we are one in the same.
A **G** **F#m**
And you left with your head filled with flames,
D **A** **E**
And you watched as your brains fell out through your teeth.
D
Push the pieces in place.
A **E**

Make your smile sweet to see.

D

Don't you take this away.

Bm

E

I'm still wanting my face on your cheek.

D **A** **D** **A**
And when we break we'll wait for our miracle
D **A** **E** **D**
God is a place where some holy spectacle lies
D **A** **D** **A**
And when we break we'll wait for our miracle
D **A** **E** **D**
God is a place you will wait for the rest of your life

A **C#m** **A** **C#m**
Two headed boy she is all you could need
 A **C#m** **D** **A**
She will feed you tomatoes and radio wires
 D **E**
And retire to sheets safe and clean
 D **A**
But don't hate her when she gets up to leave
