Neva Dinova - Squirrels

From the album You May Already Be Dreaming

One of my favourites from the new album,
We need for Neva Dinova tabs in general though!
Let s get on it.
Cheers.

G G/F#

I tossed a diamond into the stream,

Em

it was crazy, I couldn t help it was amazing.

C

It went forever cross the water but wouldn t stop and didn t skip

D

and never looked more beautiful than just before it hit.

G G/F# Em

So I swam out to look for it, underwater, just fish

C

and goose s feet slappin me don t know what s happening,

D

I m knockin on each fish s den but not a single fish is in.

C G

But you re so young and so in love,

C D

but that ain t all she s been dreaming of.

Am C

She s dreaming of you,

G

alone.

G G/F#

I called you up late at night,

Em

I just can t speak when I m high.

C

I must ve been lonely looking for a friend

D

then I had a great idea but I couldn t find a pen.

G G/F#

So I went for a drive at night,

Em

saw a crazy sight,

C

saw a squirrel in the yard doing backflips for change

D

for a lady who vacuums her heartaches away.

C

She s saying where is my son,

G

where has he gone?

D

Oh, nothing changed when the squirrel left

Am C

but something sure changed when the girl left.

G G/F# Em

And now she s gone, gone,

C D

and now she s gone, whoa.

G G/F#

I just keep writing the same song,

Em

the guy s right and the dame s wrong

and the game s on.

C

so turn down that stereo and pass me the chips,

D C

you won t even notice your brain start to slip.

G G/F# Em

And now they re gone, gone,

C D G

and now they re gone, whoa, whoa.
