

**Damn Dog**

**Never Shout Never**

**F#m**

And I can't believe that I could believe that.

**Bm**

**E**

And I can't believe you left me for dead man.

**D**

Cause I called you my friend.

**A**

**E**

My best friend at that.

**E**

**D**

I know that I'm loud man

**A**

**E**

But give me another chance.

**E**

**F#m**

**A**

**E**

I promise to keep this damn snout shut for you.

**F#m**

But only for you...

... Cause I love you

AND SO ON!

I should've seen the boredom in your eyes.

You dropped me off and you said your goodbyes.

Cause dad I called you my friend.

My best friend at that.

I know that I'm loud man

But give me another chance.

I promise to keep this damn snout shut for you.

But only for you...

... Cause I loved you

And I saw this man on the side of the road.

He said take my hand, that man threw me a bone.

Cause one man's trash is another man's treasure.

The way that he made me feel was better than ever.

He told me he loved me.

He meant it forever.

And I love him cause he loves me.

And all I've ever wanted was to feel loved.
