

Finally
Never Shout Never

I could go anywhere
but all i want to do
is lay back here with you
and grow a love so true
ill make you breakfast, and lunch, and dinner
we ll waste our whole damn lives just being sinners
Well i got time, if you got time, and i have dreams if you have dreams
so let s just lollygag around and hope and dream for bigger things
so baby don t you cry your tears no more
I am here, and I am yours.

Well i m in love ohhohhhohh
I m in love ohhohhhohh
I finally found someone new
and that someone s you ohhohhhohh
that someone s you ohhohhhohh
that someone s you.
