

[Verse 2]

C G C
For the past 3 years
G C
I swear I ve been a better man
C G C
than who I ve become
G C
I know, I know, I know I let you down

C G/B Am
But I ve been gone
G C
for too damn long

[Chorus]

C E1 G
So if you go away right now,

then I can guarantee
C G/B Am
that I won t break your heart
E1 G
But if you go and stay,

then baby I will hope and pray
C G/B Am
that you would run a - way
G/B C G/B Am
Cause dear it breaks my heart
G C
to see you here

[Verse 3]

G C G
So shine outward, not inward

You ve been a selfish little girl
G C
For the past 3 years
G C
I ve been through more than you can know

G/B Am
and God I don t
G C
want you to know

C G C
What I have been through
G C
cause you just wouldn t understand
G C G

you re just a girl with some issues

C

as bad as it might sound

C G/B Am

But you re the girl

G C

who s been driving me mad

[Chorus 2]

C E1 G

So if you go away right now,

then I can guarantee

C G/B Am

that I won t break your heart

E1 G

But if you go and stay,

then baby I will hope and pray

C G/B Am

that you would run a - way

G/B C G/B Am

Cause dear it breaks my heart

G C G/B

to see you here

Am C G

So go to school in Chicago

Am C

find a new boy, a new life,

G

a whole new set of friends

Am C G

Cause all that I ll ever do is break your heart

Am G

and dear it breaks my heart

C

to see you here

C G/B Am G

Yeah, dear it breaks my heart

C

to see you here

(Silence)

But just so you know...

C G

I ve been thinking a lot of

C C

who we could have been

G C

if i was back home,

G C

just chilling with you and all my friends
