

Sellout

Never Shout Never

This is probably the simplest way to play this song, maybe not the most accurate.

For each chord pluck the A string and then strum down on the D,G,B and high e string.

C

Who the hell have i been kidding?

Am

I sold my soul to the corporation,

C

They know me better than I know myself,

Am

I better shut it up, i better shut this up,

C

You got a problem with the way i think,

Am,

I got a problem with the way you think

C

that you can program me like a damned machine

Am

I m gonna take a stand and say fuck this scene.

C

Am

I m sick of imagery instead of artistry,

C

Am

I m sick of apathy instead of harmony,

C

I m sick of poets working part time jobs,

Am

While pissy people pick and choose the stars,

C

Am

I know that i should be the last one to speak

C

Am

about this but even sellouts have they re dreams,

C

Set the music free,

C

Am

Ba da da da da da, da da da da da

C

(walk up to) **Am**

Ba da da da da, a da da da da whoa aho oh

C

Am

what the hell was i trying to prove?

C

ran away so young now on the move,

like a vandal i wear my mask,

Am

C

So all you punks back home you can kiss my ass,

Am

cause a gotta feeling deep down inside my soul,

C

that s taken three whole years to gain control,

Am

And i ain t never, no never, no, never, no never, no never,

~rest~ C (one strum)

coming home,

C

Am

ba da da da da da, da da da da da da da da

C (walk up to) Am

ba da da da da da da da whoa aho oh

there was no tab anywhere so i just thought i ve give you guys something.
