

Sellout

Never Shout Never

This is probably the simplest way to play this song, maybe not the most accurate.

For each chord pluck the A string and then strum down on the D,G,B and high e string.

D

Who the hell have i been kidding?

Bm

I sold my soul to the corporation,

D

They know me better than I know myself,

Bm

I better shut it up, i better shut this up,

D

You got a problem with the way i think,

Bm,

I got a problem with the way you think

D

that you can program me like a damned machine

Bm

I m gonna take a stand and say fuck this scene.

D

Bm

I m sick of imagery instead of artistry,

D

Bm

I m sick of apathy instead of harmony,

D

I m sick of poets working part time jobs,

Bm

While pissy people pick and choose the stars,

D

Bm

I know that i should be the last one to speak

D

Bm

about this but even sellouts have they re dreams,

D

Set the music free,

D

Bm

Ba da da da da da, da da da da da

C (walk up to) Am

Ba da da da da, a da da da da whoa aho oh

D

Bm

what the hell was i trying to prove?

D

ran away so young now on the move,

like a vandal i wear my mask,

Bm

D

So all you punks back home you can kiss my ass,

Bm

cause a gotta feeling deep down inside my soul,

D

that s taken three whole years to gain control,

Bm

And i ain t never, no never, no, never, no never, no never,

~rest~ C (one strum)

coming home,

D

Bm

ba da da da da da, da da da da da da da da

C (walk up to) Am

ba da da da da da da da whoa aho oh

there was no tab anywhere so i just thought i ve give you guys something.
