

Trampoline

Never Shout Never

Hey this is my first tab and I got it off of a thing that came in a CD so sorry for mistakes! (:

(Verse 1)

And who would ve thought that a cutie pie like you
Would have anything to do with a smelly dude like me
I find it hard to believe
And who would ve thought that you ever woulda kissed my cheek
In your backyard on your trampoline that night
I never put up a fight

(chorus)

And I know that you re all shook up from a terrible relationship
He broke your heart yeah he tore you into pieces
But I promise you dear, I ll never touch you like he did
So baby please take my hand and you ll never be alone again

(instrumental)

And every single time I look into your eyes, see a little bit more sunshine
Feel a little bit more like me instead of who I turned out to be
