Chorus: **G D2 Em7 C**  
**G D2 A7 B C**  
Outro: **B C G**  
**B C G D/F#**

Keep the front door locked, lights out, so no one can see me  
Or where Iâ€™ve been  
Iâ€™ve got them all convinced, Iâ€™m fine, with no one around me  
No one gets in

This hallow shell, this little hell

You took me out of the dark, but I found way back again  
Iâ€™m not doinâ€™ well, Iâ€™m not doinâ€™ well  
So take me out of the dark, back to the place where Iâ€™m found, and back with you

Everybody else feels fine, their lives are so perfect  
They have no shame  
But Iâ€™m an open book, filled with stories about me  
That donâ€™t mean a thing

This hallow shell, this little hell

You took me out of the dark, but I found way back again  
Iâ€™m not doinâ€™ well, Iâ€™m not doinâ€™ well  
So take me out of the dark, back to the place where Iâ€™m found, and back with you

Just let â€™em in, let â€™em in tonight  
Just let â€™em in, let â€™em in tonight  
Just let â€™em in, let â€™em in tonight  
Just let â€™em in, let â€™em in tonight

Just let 'em in, let 'em in tonight  
Just let 'em in, let 'em in tonight

cool song, easy, have mucho fun, toodles
