Nevertheless

Tuning: Down 1/2 step

She spent the night out with a guy who gives attention when she cries
herself to sleep, I heard her say...

And so she gives him what he wants as long as he can make her feel ok, but
she s not ok

And we avoid the topics, we make the kids have secrets

When they are exposed and everyone else knows

We ll say we never knew it, that they had a problem

Cause if we would have known, we surely would have solved it

But we can t, it s too late, I said we can t it s too late

He s skipping classes cause he hates them, hopes he passes, not to take
them all again, I heard him say...

He escapes them with the pills, the ones he takes to make him feel like he s
ok, but he s not ok

And we avoid the topics, we make the kids have secrets

When they are exposed and everyone else knows

We ll say we never knew it, that they had a problem

Cause if we would have known, we surely would have solved it

But we can t, it s too late, I said we can t it s too late
