Dead Come Alive  
Written by Travis Whittaker, Tyler Joseph

Tuned half step down

[VERSE 1]

**G#** **F** **G#/E**  
Felt alone in the world on my own then You came to me  
**G#** **Eb** **G#**  
Hope flowing through my veins  
**G#** **F**  
I was lost in the black so far gone  
**G#/E** **G#** **Eb**  
Then You drank my shame letting sin flow through Your veins

[CHORUS]

**G#**  
Lord You are good oh God Youâ€™re so good  
**C#** **F** **Eb**  
Lord You are good oh God Youâ€™re so good

[VERSE 2]

You were there from the start before it all  
Still You left Your throne love lowered down in the flesh  
Born to serve born to heal and to lay your life  
Youâ€™re the final offering cause up from the grave You rose

**G#** **C#** **F** **Eb** **F** **C#** **G#**  
**Eb**  
Oh Oh Oh Oh

[BRIDGE/RAP]

**F**  
Oh the miracle Youâ€™re the miracle  
**C#**  
That makes the dead come alive  
**G#**  
Oh the miracle Youâ€™re the miracle  
**Eb**  
That makes the dead come alive

Let me take a little second to tell you  
as we see a prophecy that came true  
You see we need to believe that he literally bled through

the clothes on his back his sweat the day was just like crimson rain  
crimson stains tide bounty and the devil can't wash these stains away  
Who's he you ask he's a friend of me  
cause my inability he was sent from me  
I hear birds and trees there all telling me  
it's a good thing he won Gethsemane  
cause this enemy is too much for me  
and this flesh and world is triple teaming me  
it seems to be the very end I scream please oh please pass this cup from me  
The thing is it did pass and it passes every day  
he took my cup from me and gracefully he drank the grave  
and I don't mean to speak blasphemy when I say  
but I am speaking of the day when my God passed away Okay  
no wait wait wait no that's not it no that's not all  
I don't wanna leave you hanging this stories banging  
against my throat and against these walls  
It can't be contained no it won't stay in here it will thrive  
cause stories just don't die when the dead come alive
