Verse 1:

Where do you go when you have nowhere to turn?
The roads connect to the bridges you ve burned to reach the end...
You ve been calling, and since you were, and finding excuses to be by
yourself; there s more to life, you know.

Chorus:

It takes you to open up your eyes
to see the light - it s all around you.
It s all around you.

Verse 2:

You ve been sleeping your problems away
being reclusive you re losing yourself.
It s time to change, you know.

Chorus:

It takes you to open up your eyes
to see the light - it s all around you.
It s all around you. (3x)
