

**Nothing For Christmas**  
**New Found Glory**

[Intro]

**G Em C D** x2

[Verse 1]

**G Em**  
I don't mean to hold on to your arm for so long,  
**C D**  
December it comes in a flash then it's gone.  
**G Em**  
A hope in your eyes that I can't put a price on.  
**C D**  
I won't let you go through this year all alone.  
**G Em**  
And I think back through fall,  
**C D**  
And the summer, and how it changed everything.  
**G Em**  
Let's walk through snow  
**C D**  
In the winter, and forget about our troubles cause,

[Chorus]

**G Em**  
Christmas is coming, so don't buy me nothing.  
**C D**  
I got what I wanted, I got what I needed.  
**G C**  
And Christmas is coming, so don't buy me anything.  
**Am D**  
I got what I wanted, I got what I needed,  
**C D G Em C D**  
It's you, it's you, it's you.

[Verse 2]

**G Em**  
I don't mean to hold on to your love for so long,  
**C D**  
But the feeling is right and nothing can go wrong.  
**G Em**  
The fog on the window, radio sings us songs.  
**C D**  
I can remember waking up in her arms,  
**G Em**  
And I think back to when  
**C D**  
I was younger, when everyone's together  
**G Em**

And I, want to more now

**C** **D**

Than ever, to not think about our troubles cause,

[Chorus]
