(intro) (riff 2)

Oh, that was such a short goodbye
Never get to say exactly what I want in front of you
I always fall apart at the worst thoughts of crashing down

(riff 3)

I know you know this isn't what you singed up for

(B5 G#5 F#5)

I ll never let this go
I m in a different state every night

(riff 3)

We re kept together by highways and telephone lines

I ll never let this go
I m in a different state every night

(riff 3)

We re kept together by highways and telephone lines

(riff 2)

The mile markers help me count down the next time I ll be around
The only thing I ll rely on is fallen leaves covering the ground
And a pale version of your complexion

(riff 3)

I hope you know I m worth waiting for

(B5 G#5 F#5)

I ll never let this go
I m in a different state every night

(riff 3)

We re kept together by highways and telephone lines

I ll never let this go
I m in a different state every night

(riff 3)

We re kept together by highways and telephone lines

(B5)

A long road, I ve seen it all

B5 F#5 B5

Never wanting to look back

This long road, I ve spent so much time

G#5 F#5 G#5 B5

I m glad you re willing to wait for me

Cause...

(B5 G#5 F#5)

I ll never let this go

I m in a different state every night

(riff 3)
