Cause the corridors of power, they're an ocean away

We re the ... etc.

[bridge:]

Wooho ... etc. (3 times I think)

That's all. Pretty simple, isn't it? Just listen to the record if you want to get the chorus lyrics and some other details I might have forgotten right.

BTW, I think the song is originally played by 2 acoustic guitars, one playing open chords and one barre (at least they played it like this in the video). The chorus is doubled on electric.
