The bewildered watch from behind misted-up glass

As the ambitious and lucky get to feed on the carcass

When you feel so much in such a small space
Do you think you can keep on running
Like the papers that blow down your empty street
Outside in the dark when you can t sleep
The ghost of your father always always watching

[Chorus]

And he waits for you when the black tide comes
And you feel the ghost of your father
And you feel the ghost of your father
And you feel the ghost of your father... waiting
