New Order

G **C**
Oh, I ve just come from the land of the sun
D **G**
From a war that must be won in the name of truth
G **C**
With our soldiers so brave, your freedom we will save
D **G**
With our rifles and grenades and some help from God

G **C**
I want to see my family, my wife and child waiting for me
D **G**
I ve got to go home, I ve been so alone, you see

G **C**
You just can t believe the joy I did recieve
D **G**
When I finally got my leave and I was going home
G **C**
Oh, I flew through the sky, my convictions could not lie
D **G**
For my country I would die and I will see it soon

G **C**
I want to see my family, my wife and child waiting for me
D **G**
I ve got to go home, I ve been so alone, you see

G **C**
When I walked through the door, my wife she lay upon the floor
D **G**
And with tears her eyes were sore, I did not know why
G **C**
Then I looked into her hand and I saw the telegram
D **G**
That said that I was a brave, brave man, but that I was dead

G **C**
I want to see my family, my wife and child waiting for me
D **G**
I ve got to go home, I ve been so alone, you see (3 X)
