

Dignity

New Politics

E **G#** **C#m**
You walk the streets never feel no guilt
A
You make your money selling guns on the playground
E **G#** **C#m**
I m so ashamed cause we re all the same
A
Killing in the name money is the game now
E **G#** **C#m**
And you re buying bombs and we pay the price
A
Eat your lies and we feed it to the children
E
Is this what you what
G# **C#m**
Is this what you need
A
You re gonna kill us all to bring peace

E **G#** **C#m** **A** **E**
My blood, my soul is my enemy
G# **C#m** **A** **E**
My life, my love is poison to me
G# **C#m** **A** **E**
I know it s not how it s supposed to be
G# **C#m**
Got no choice, no voice
A **E**
I have no dignity

E **G#** **C#m** **A**

You manipulate
With your bag of tricks
You re playing God with the world on my shoulder
I can t regulate
Cause the worlds at stake
We re so lost that we all think it s over
But I m the one to blame
For this burning pain
It s eating up the world
And we gonna live it in shame
It s hard to maintain
when it s so insane
It s so, so insane

So kids don t listen to your parents

The parents can't teach us
All they ever left was a world in a mess

E G# C#m A x2

E G# C#m A
We got no control of the state of our minds

E G# C#m A
Now I see that all I ever lived was a lie

E G# C#m A
We're all duped to believe

E G#
That there's no way around, there's no way around

C#m A
There's no way around, there's no way around!

[Chorus] x2
(first time without chords)

E G# C#m A
