Impossible (Newsboys) - Chords and lyrics

I did a simple search for the chords of this latest favourite song of mine, and was actually quite delighted to find none available yet (or easily). So now i get to do my part to contribute to the internet, with some good chords to this great song. Btw, this is the first time i m doing such a thing, coz you know, it s the first time i liked a song and can t find its chords on the net.

Disclaimer 1: Copyrights blah blah, i ll removed it if you tell me to.

Disclaimer 2: Wrong chords? Tell me, i wanna learn too.

Enjoy...

*Update 21/8/11: Added in the missing G chords in the bridge, making it now a near-perfect transcription ;) Many thanks to Binskprescsl49 for picking up this pretty obvious omission, and also to the numerous silent visitors enjoying the chords-- your presence is noted with a smile! Cheers :))

*Update 3/4/12: Finally uploaded a video of me doing an acoustic cover of this awesome song, using the chords below. Please check it out at the links below:
