Landslide Of Love - Newsboys

Tabbed by: Nathan G. Hey everyone; this is my first tab, so I decided I would start out with a relatively easy song. It also happened that no one else had tabbed it yet, so here it goes!

[VERSE 1]

A
Opening salvo

A
Didn't help solve anything

A **D**
Every time we shout our rights out

E **A**
We get all grouchy and gray

A
It's all about me, me

A

It s all about what I can take

A **D**
And if that doesn t ring true anymore

E **A**
Maybe it was our first mistake

A **D**
And since we don t believe in Santa Claus

E **A**
Maybe we d best stay awake

[CHORUS]

A **D**
Every time a teardrop falls

D **F#m**
It s kicking up dust in our world of pain

F#m **E**
Let s get drenched under God s good rain

E **A**
Caught in a deluge of mercies

A **D**
Like a pebble clings to dirt

D **F#m**
We re still clinging to bedrock sin

F#m **E**
Let s get swept off our feet again

E **A**
Caught in a landslide of love

[VERSE 2]

A
It s all about me, me

A
It s all about all I can take

A **D**
The good I try to do goes nowhere

E **A**
The bad just seizes the day

A **D**
And if we re here for something bigger, baby

E **A**
There s gotta be some better way

[CHORUS]

[BRIDGE]

D
No, not angels or devils

A
No, not famine or war

D
No, not the past or the present

D **F#m** **E** **A**
Not even the ground separates from God s love

Not even the ground separates from His love
