I don t know where we went so wrong.

Ab Abmaj7 Bb/Eb Eb
You were right there but somehow my friend had gone

Ab Eb
Okay we got broken but we could start again.

Ab Bb/Eb Eb
It could be like the old days. If we could just pretend

Abmaj7 Bb/Eb Bb Eb
Let s make it feel like the first time and start from now.

Abmaj7 Bb/Eb Bb Eb
Tape over the memories of last time but learn somehow

Abmaj7 Eb
Leave the words we said behind and when we fall asleep.

Ab Bb/Eb Eb
Let s make it feel like the first time

I don t know all the words to say.
Know how to please you not how to relieve your pain
One day we ll look back and we ll laugh out loud.
It could be like the old days. We ll paint this whole damn town

Let s make it feel like the first time and start from now.
Tape over the memories of last time but learn somehow
Leave the words we said behind and when we fall asleep.
Let s make it feel like the first time

Abmaj7 Eb
We re down to our last chance now.

Abmaj7 Ebmaj7 Bb
Forget that you know me inside out

Let s make it feel like the first time and start from now.
Tape over the memories of last time but learn somehow
Leave the words we said behind and when we fall asleep.
Let s make it feel like the first time
