This song is 99% a mix of all the other versions, i like this better though this tab is relative to having a capo on the second fret (eg. when it says 5, its actually 7 if you dont count the capo) but all the chord names are correct (when it says F#m, it IS an F#m, not G#m) any comments/corrections let me know, im not 100% about the ending ( the very last Bm is a bit iffy), but it sounds good/near enough. please, if you know them, leave comments with the correct chord names (anything with a ? in it)

Thanks, Enjoi! :-)
