

**Just Another Day**  
**Next To Normal**

The internet needs N2N tabs. This is my contribution.

Intro: **Em**

**Em G**

They re the perfect loving family, so adoring

**Em G**

And I love them every day of every week

**Am C**

So my son s a little shit, my husband s boring

**Am Em**

And my daughter, though a genius, is a freak

**C**

Still I help them love each other

**F**

Father mother sister brother

**Dsus D**

Cheek to cheek

**Em G**

So it s times like these I wonder how I take it,

**Em G**

And if other families live the way we do.

**Am C**

If they love each other or if they just fake it,

**Am Em**

And if other daughters feel like I feel too.

**C**

Cause some days I think I m dying,

**F D**

But I m really only trying to get through

**Am, C, G**

For just another day,

**Am C G**

for another stolen hour

**Am C Dsus G C G**

When the world will feel my power and obey

**Am, C, G**

It s just another day

**Am C G**

Feeling like I ll live forever

**Em F**

Feeling like this feeling never goes away

**Em**

For just another day.

**Em G**

When it s up to you to hold your house together

**Em G**

A house you built with patience and with care

**Am C**

But you re grappling with that gray and rainy weather

**Am C**

And you re living on a latte and a prayer

**C**

Can you keep the cup from tipping

**F Dsus, D**

Can you keep your grip from slipping in despair,

**Am, C, G**

For just another day,

**Am C G**

In the hustle and the hurry

**Am C Dsus G C G**

And you want to wipe your worry clean away

**Am, C, G**

It s just another day

**Am C G**

I will keep the plates all spinning

**Em Asus, A**

With a smile so white and winning all the way

**C**

Cause what doesn t kill me doesn t kill me

**D**

So fill me up for just another day.

**D**

It only hurts when I breathe.

It only hurts when I try.

**Am**

It only hurts when I think.

**D**

It only hurts when I cry.

**G**

It only hurts when I work.

**D**

It only hurts when I play.

**G**

It only hurts when I move.

**Dsus, D**

It only hurts when I say,

**Am, C, G**

It s just another day

**Am C G**

When the morning sun is stunning

**Am C Dsus G C G**

And you wish that you were running far away

**Am, C, G**

It s just another day

**Am C G**

Birds are singing, things are growing

**Em**

And you wish you could be going,

**A**

But you ll stay

**C**

You ll stay

For my family s sake

I ll reap what I can take

I m only just awake

**G D C G D**

Every day is just another and another and another

**Am C G**

I will hold it all together

**Am C G**

We re the perfect loving family

**Am C G**

If they say we re not then fuck em

**Am C G**

The perfect loving family

**Em**

I will keep the plates all spinning

And the world just keeps on spinning

**A**

I think the house is spinning.
