

Let You Down

NF

Am

Yeah, I guess I m a disappointment

Em

C

Doing everything I can, I don t wanna make you disappointed

Em

It s annoying

Am

Em

I just wanna make you feel like everything I ever did wasn t ever tryna make an issue for you

But, I guess the more you

C

Em

Thought about everything, you were never even wrong in the first place, right?

Yeah, I ma just ignore you

Am

Em

Walking towards you with my head down, lookin at the ground, I m embarrassed for you

C

Em

Paranoia, what did I do wrong this time? That s parents for you

C

Very loyal?

Em

Shoulda had my back, but you put a knife into my hands before

C

What else should I carry for you?

Em

I cared for you, but

Am

Yeah, you don t wanna make this work

Em

You just wanna make this worse

C

Want me to listen to you

Em

But you don t ever hear my words

You don t wanna know my hurt yet

C

Em

Let me guess, you want an apology, probably

C

How can we keep going at a rate like this?

Em

We can t, so I guess I ma have to leave

Am

Please don t come after me

Em

I just wanna be alone right now, I don t really wanna think at all

Am

Go ahead, just drink it off

Em

Both know you re gonna call tomorrow like nothing s wrong

C

Ain t that what you always do?

Em

I feel like every time I talk to you, you re in an awful mood

C

What else can I offer you?

Em

There s nothing left right now, I gave it all to you

Am

Yeah, don t talk down to me

Em

That s not gonna work now

C

Packed all my clothes and I moved out

Em

I don t even wanna go to your house

C

Everytime I sit on that couch

Em

I feel like you lecture me

C

Eventually, I bet that we

Could have made this work

Em

And probably woulda figured things out

Am

But I guess I m a letdown

Em

But it s cool, I checked out

Oh, you wanna be friends now?

C

Em

Okay, let s put my fake face on and pretend now

C

Sit around and talk about the good times

Em

That didn t even happen

I mean, why are you laughing?

C

Must have missed that joke

Em

Let me see if I can find a reaction

No, but at least you re happy

Am Em

I m sorry

C

Em

I m so sorry now

C

Em

I m sorry

C **Em**

That I let you down
