Nicks Song
Nice Peter

```
            G#                       C
I m sorry if I seem a little uptight,
         Bb
But I don t think this is entirely right.
               G#                         C
I guess I don t understand what you re going through,
        Bb
But you know I ll always be there for you.
  G#                  C
I just hope I can,
          Bb
Keep my distance.
               G#         C
I know that it s hard,
                    Bb
But with a little persistence
           G#           C
I hope this is truly,
        Bb
Gettin  through.
          G#         C
Whenever I think of love,
             Bb       C#                    G#
I ll think of you.... Ooooo, I ll think of you.
```
