Nicks Song
Nice Peter

```
            A                      C#
I m sorry if I seem a little uptight,
            B
But I don t think this is entirely right.
                 A                     C#
I guess I don t understand what you re going through,
         B
But you know I ll always be there for you.
   A                  C#
I just hope I can,
            B
Keep my distance.
                 A        C#
I know that it s hard,
                     B
But with a little persistence
             A         C#
I hope this is truly,
         B
Gettin  through.
             A         C#
Whenever I think of love,
               B        D                    A
I ll think of you.... Ooooo, I ll think of you.
```
