

Im With You

Nichole Nordeman

This is such a pretty song, and there were no chords up for it, so I gave a go.
Here s the basic chords and the lyrics to start you off :)

D G Bm A

Love is a hurricane in a blue sky
I didn t see it coming, never knew why
All the laughter and the dreams
All the memories in between
Washed away in a steady stream

Love is a hunger; a famine in your soul
I thought I planted beauty, but it would never grow.
Now I m on my hands and knees
trying to gather up my dreams
trying to hold on to anything

And we could shake a fist in times like this
When we don t understand
Or we could just hold hands

D A Bm G

You and me, me and you
Where you go I ll go too
I m with you, I m with you
Until your heart, finds a home
I won t let you feel alone
I m with you, I m with you, with you

D G Bm A

You do your best to build a higher wall
To keep love safe from any wrecking ball
When the dust has cleared, we will
See the house that love rebuilds
Guarding beauty that lives here still

D A Bm G

It s you and me, me and you
Where you go I ll go too
I m with you, I m with you
Until your heart, finds a home
I won t let you feel alone
I m with you, I m with you

Bm G D A

Who can say I m left with nothing
When I have all of you, all of you, yeah
In the way you ve always loved me
I remember. He does too

D A Bm G

You and me, me and you
Where you go I ll go too
I m with you, I m with you
Until your heart, finds a home
I won t let you feel alone
I m with you, I m with you
(We re gonna make it through)

You and me, me and you
Where you go I ll go too
I m with you, I m with you
Until your heart, finds a home
I won t let you feel alone
I m with you, I m with you

D G Bm A
