I m just tryin to figure out  
What s wrong with your head  
Everytime I look around  
You re somewhere else instead  
I wanna ask you why  
But everytime I try you cry

And I want you to know  
When you re floatin in space  
And I want you to know  
If you ever come back down  
And I need you to know

Chorus:

I wanna breathe you  
I wanna feel you near  
This is my confession  
I wanna see what you see  
When you cry those tears  
Give me just a second  
What am I to do ?  
Maybe it s obsession  
But this is my confession

I confess  
Everytime I come around  
Something s always got you down  
And I don t understand why  
And if you wanna tell me  
I ll be the angel on your shoulder baby  
I ll be the man that you confide in  
But I I can t seem to  
Get you out that place  
But everything you do is just  
Erasing the pain  
The hatred inside  
I can t ask why

And I want you to know  
When you re floatin in space

And I want you to know  
If you ever come back down  
And I need you to know

Chorus twice

And I want you to know  
When you re floatin in space  
And I want you to know  
If you ever come back down  
If you ever come back down

Chorus
