Nick Cave & The Bad Seeds

Artist: Nick Cave and the Bad Seeds

Song: Bring it On

Album: Nocturama

-----  
Intro: Am C G

Am C G Am C G

This garden that I built for you, In which you sit in now and yearn

Am C G Am C G

I would never leave it dear, I could not bear to return

Am C G Am C G

And find it all untended with the trees all bended low

Am C G Am G

this garden is our home dear, and I don t know where else to go

Chorus:

F Am C

So bring it on,

G

bring it on

F Am C

every little tear,

G

bring it on

F Am C

every useless fear,

G

bring it on

F Am

all your shattered dreams,

C G

and I ll scatter them into the sea, into the sea

The geraniums on your window sill, the carnations dear and the daffodil  
well they re ordinary flowers but they long for the light of your touch and of  
your trembling will

ah you re trembling still, and I m trembling too

to be perfectly honest, I don t know quite what else to do

So bring it on,

bring it on

every neglected dream,

bring it on  
every little scheme,  
bring it on  
every little fear,  
and I ll make them disappear
