[Verse 1]

**Cm**

I found her on the night of fire and noise

**Gm**

Wild bells rang ina wild sky

**Cm**

I knew from that moment on

**Gm**

(riff 1 here)

That I would love her till the day that i died

**Cm**

And I kissed away a thousand tears

**Gm**

My lady of the various sorrows

**Cm**

(riff 2 here)

Some begged, some borrowed, some stolen

**Gm**

So I kept some safe for tomorrow

**Cm**

On an endless night silver star spangled

**C#**

**D**

**D**

The bells from the chapel went jingle-jangle

**Cm**

She was given to me to put things right.

**Gm**

And I stacked all of my accomplishments beside her.

**Cm**

Yet I feel so obsolete and small

**Gm** (riff 1 here)

I found God and all his devils inside her.

**Cm**

In my bed, she cast the blizzard out.

**Gm**

A mock sun blazed upon her head.

**Cm** (riff 2 here)

And so completely filled with light, she was

**Gm**

Her shadow fanged and hairy and mad.

**Cm**

Our love lines grew hopelessly tangled

**C#**

**D**

[Verse 1]

**Bm**  
take a little walk to the edge of town, Go across the tracks  
Where the viaduct looms, like a bird of doom, as it shifts and cracks  
**Em**  
Where secrets lie in the border fires in the humming wires  
**Bm**  
Hey man you know you're never coming back  
Past the square, past the bridge, past the mills past the stacks  
**F#**  
On a gathering storm comes a tall handsome man  
**Em** **Bm**  
In a dusty black coat and a red right hand

[Verse 2]

He'll wrap you in his arms  
Tell you that you've been a good boy  
He'll rekindle all the dreams  
It took you a lifetime to destroy  
He'll reach deep into the hole  
Heal your shrinking soul  
But there won't be a single thing that you can do  
He's a god, he's a man  
He's a ghost, he's a guru  
They're whispering his name  
Through this disappearing land  
But hidden in his coat  
Is a red right hand

[Verse 3]

You don't have no money?  
He'll get you some  
You don't have no car?  
He'll get you one  
You ain't got no self-respect  
You feel like an insect  
Well don't you worry buddy  
Cause here he comes  
Through the ghettos and the barrio  
And the Bowery and the slum  
A shadow is cast wherever he stands  
Stacks of green paper in his  
Red right hand

[Verse 4]

You'll see him in your nightmares  
You'll see him in your dreams  
He'll appear out of nowhere but  
He ain't what he seems

You ll see him in your head  
 On the TV screen  
 And hey buddy, I m warning  
 You to turn it off  
 He s a ghost, he s a god  
 He s a man, he s a guru  
 You re one microscopic cog  
 In his catastrophic plan  
 Designed and directed by  
 His red right hand

**Cm Gm**

(**Cm** and **Gm** played as slow single strums allowing each note of the chords to ring out)

[Verse]

**Cm**

Onward and onward and onward i go

**Gm**

Where no man before could be bothered to go

**Cm**

Till the soles of my shoes are shot full of holes

**Gm**

**(F)**

And it s all downhill with a bullet

**Cm**

This rambin and rovin has taken its course

**Gm**

I m grazing with the dinosaurs and the dear old horses

**Cm**

**Gm**

And the city streets crack and great hole forces me down

**(F)**

with my soapbox, my pulpit.

**Cm**

The theatre ceiling is silver star spangled

**C#**

**D**

and the coins in my pocket go jingle jangle

[Chorus]

**Cm Bb Gm**

Do you love me (do do, do do, do do, do do,)

**Cm Bb F**

Do You love me (do do, do do, do do, do do)

**Cm Bb Gm**

Do you love me
