

Shoot Me Down  
Nick Cave & The Bad Seeds

**G#**

An old sentimental night

**Fm**

you roll me at your sides

**D#** **Cm**

you shot me down

**G#**

Though I had no enemy here

**Fm**

you get me very near and shoot me down

**D#** **Cm**

shoot me down

**G#**

your hands they flutter up

**Fm#**

Armed and dangerous my buttercup

**D#** **Cm#**

and shoot me down...

**A#**

in flames

**Fm**

Stand back baby, stand back and let me breathe

**G#**

I think I must be

**A#** **D#**

fallin outta here

**Fm**

I can hear the grass grow

**G#**

I can hear the melting snow

**A#**

**D#**

I can feel your breath against my ear

**Fm** **G#** **A#**

I might just disappear

**G#** **A#**

Yeah, wouldn t that be nice?

**G#** **A#**

Yeah, wouldn t that be nice?

Well, wouldn t that be nice?

**G#**

I look into your eyes

**Fm**

it comes as no great surprise

**D#**

you re gonna shoot me down

**Cm**

shoot me down

**G#**

I know that when you smile

**Fm**

it ll only be a short little while

**D#**

Shoot me down...

**A#**

in flames

**D#**

**G#**

Shoot me down

**D#**

**A#**

in flames

**D#**

**G#**

Shoot me down

**D#**

**A#**

in flames

you re gonna shoot me down

oh, in flames

shoot me down, shoot me down

in flames

shoot me down in flames

shoot me down in flames

shoot me down in flames
