Capo 3rd Fret

[Intro]

**E F#m/F# E F#m/F#**

[Verse 1]

**F#m/F#** **E**  
When I was young, younger than before  
**F#m/F#** **E**  
I never saw the truth hanging from the door  
**G#m** **F#m/F#**  
And now I m older see it face to face  
**G#m** **F#m/F#** **E**  
And now I m older gotta get up clean the place  
**E F#m/F# E F#m/F#**

[Verse 2]

And I was green, greener than the hill  
Where flowers grow and the sun shone still  
Now I m darker than the deepest sea  
Just hand me down, give me place to be

[Verse 3]

And I was strong, strong in the sun  
I thought I d see when day was done  
Now I m weaker than the palest blue  
Oh so weak in this need for you

NOTE: While playing D, constantly hammer on and off the second fret note of the G string. With Em/F#, the second fret note of the lowest D string is hammered on, then the second fret note of the A string is often hammered on too. There is much more going on in this song, particularly the solo, but I figured something is better than nothing. Maybe I ll get back and do a more detailed version one of these days- anyone else who wants to try is very welcome to.
