

She Dont Love Nobody
Nick Lowe

G **C** **D** **G**
From my humble point of view
Em **C** **D** **G**
She don't love nobody
G **C** **D** **G**
Nothin' borrowed, nothin' blue
Em **C** **D** **G**
She don't love nobody

Behind the green eyes I detect
She don't love nobody
Her heart no kiss could resurrect
She don't love nobody

C
All of her life
 G **D** **C**
She's been told to hang on tight
 G **B7** **Em**
There's a man who'd make her his wife
 Em7 **A7** **D** **C** **D** **D7**
But she's not interested in anything mama said

She throws passion to the wind
She don't love nobody
She don't give out but she don't give in
She don't love nobody

And if I could I'd make her mine
But she don't love nobody
And she would never walk that line
She don't love nobody

(chorus)

I want the girl who does not need
She don't love nobody
She's the one my heart receives
She don't love nobody

She don't love nobody
She don't love nobody
