Dont Wanna Die Lonely
Nick Pagliari

It is **G Am F C** throughout the whole song.

```
  G                     Am            F           C
Could have been a little less strange that night
I was feelin  down and my mood wasnâ€™t right
Shouldâ€™ve stayed a little bit longer with you
But it was hard to tell if you wanted me to
```

And you said Hey what are you doinâ€™ now
You look like you stuck on the bottom some how
And I said hey iâ€™m doin fine
Would you pour me a glass of that red table wine

(chorus)
I donâ€™t mind livinâ€™ alone
I just donâ€™t wanna live lonely

Might have been better if I hadnâ€™t shown up
I was thinkinâ€™ boutâ€™ maybe standing you up
Would have been better if I wasnâ€™t so drunk
Stumbling around like some high school punk

And I said hey come over here baby
Let me love you tonight like you were my lady
And you said hey Iâ€™m goinâ€™ home
Donâ€™t call me no more I wonâ€™t answer my phone

(Chorus)
I donâ€™t mind livinâ€™ alone
I just donâ€™t wanna live lonely
Everyone is dying alone
We just donâ€™t want to die lonely

(Guitar Solo)
(Slow)(not sure what the words are here...)

Iâ€™m in the wrong I know
Iâ€™m in the wrong I know
Baby that Iâ€™m in the wrong I know
Iâ€™m in the wrong I know

(Chorus)
I donâ€™t mind livinâ€™ alone
I just donâ€™t wanna live lonely
And everyone is dying alone
We just donâ€™t want to die lonely

Say I don't mind dying alone
I just don't wanna die lonely
