

2\*            D                    Am            C            G

D                                    Am  
Trying to call you since quarter to ten

          C                                    G  
just to tell you I m off for the day and to tell you

          D                                    Am  
the pole that you mended has broken again

          C                                    G  
so we ll have to go sleep in the car if it rains

          D                                    Am  
and the perry s too strong and the beer tastes the same

          C                                    G  
and the drinkers are dancing and singing your name

          D                                    Am  
and the people i knew then have other friends now

          C                                    G  
and that s why i want you to stay

2 \*                                    Em D            G A                    Bm C D D  
right where you are                    right where you are

2 \* Em D G A Bm C D
