[Verse 2]

```
All The Same
Nick Wilson
[Intro]
Em C G D
[Verse 1]
Em C
                   G
I see a shadow on the horizon
             C G D
And I know you see it too
              С
We're so used to looking out for each other
Em
          C
But this time I can't see you
[Pre-Chorus]
       Am G C D
Borrowed time
                       Am G C D
Too hard to face it so we hide
[Chorus]
         Em
Maybe we knew but
We couldn't say
                                   D
Maybe this night was never meant to go our way
Still it kills me all the same
             Em
I hope you know There's
       C
no one to blame
We know that we have to leave it all and walk away
Still it kills me all the same
           D Em C G
Kills me all the same
         D Em C G
Kills me all the same
```

```
Εm
Clawing our way out into the open
               C
Weighed down by apathy
I hope you find the love that you wanted
Even though I know it \hat{\mathbf{a}} \in \mathbf{M} s not with me
[Pre-Chorus]
         Am G C D
Borrowed time
                           Am G C D
Too hard to face it so we hide
[Chorus]
          Em
Maybe we knew but
           C
We couldn't say
                                             Em
Maybe this night was never meant to go our way
Still it kills me all the same
I hope you know There's
no one to blame
We know that we have to leave it all and walk away
Still it kills me all the same
[Bridge]
                 Em C G
Kills me all the same
                 Em C G
           D
It kills me all the same
                  Em C G
Kills me all the same
           D
               Em C G
It kills me all the same
[Chorus]
          \mathbf{E}\mathbf{m}
Maybe we knew but
We couldn't say
Maybe this night was never meant to go our way
Still it kills me all the same
