

Holding on to Heaven
Nickelback

B

And if forever never comes then I

G9

And if forever never comes then I

A5

And if forever never comes then I

E7

I ll hold on and hold on

B

G9

I keep listening to my chest

A5

For a beat but there s nothing left

It s been a week since I ve seen you

E7

And I still can t believe it

B

Cause I m dying inside alone

G9

And everyday we gotta be apart

A5

I m like a baby with a broken heart

But the second that I ll see you

E7

You will know how much I need you

Because I ll never be letting you go

G9

A5

B

(now you know why...)

G9

I m lost without you

A5

And there s nothing I can do

You don t wanna keep going without

E7

If I ain t holding onto you

B

Then I ll be holding out forever

G9

I ve got you now and

A5

I m not letting go of you

Never be together long enough

E7

Cause every moment I m with you

B

Is like I m holding on to heaven

B

And if forever never comes then I

G9

And if forever never comes then I

A5

And if forever never comes then I

E7

B

I ll hold on and hold on

G9

And if I can write a symphony

A5

Baby you would be my melody

And you would flow like a river

E7

Slowly going on forever

B

Like a feather that s blowing away

G9

Like every woman needs a fairytale

A5

Like every mother s love that never fails

Like every game that needs a player

E7

And a sinner needs a savior

I m appealing you willing to say

G9

A5

B

(now you know why...)

REFRÃO (**G9** **A5** **E7** **B**)

G9

A5

And I m willing to wait

E7

Just to see another day

What I m waiting for

G9

Will wash this pain away

A5

And it s never too late

B

And if forever never comes then I

G9

And if forever never comes then I

A5

And if forever never comes then I

E7

B

I ll hold on and hold on
