Bm D G Em  
Where will you be when the sky comes down?  
Bm D G Em  
And what would you do if the strength was found?  
Bm D  
Stand right beside me when the ground starts shaking  
G Em  
The only sound you ll hear is the breath we re taking  
Bm D  
If there is one thing I can promise you  
G Em Bm  
We ll see the light again

Bm D  
This is the calm before the coming storm  
G  
This is the ripped-sky-morning  
Em  
Without warning now  
Bm D  
This is the fight that we've been waiting for  
G  
And there's no sense in running  
Em Bm D G  
The hammer's coming down  
Em Bm D G  
The hammer's coming down  
Em  
The hammer's coming

Bm D G Em

Once it s started, there s no turning back  
 Bm D G Em  
 And I ll be with you when the sun turns black  
 Bm D  
 Cause finding faith will always be the hardest  
 G Em  
 Why you re standing in the heart of darkness  
 Bm D  
 If there is one thing I can promise you  
 G Em Bm  
 We ll see the light again

Bm D  
 This is the calm before the coming storm

 This is the ripped-sky-morning

 The hammer s coming
