

Space Is Only Noise If You Can See

Nicolas Jaar

C A

Space is only noise if you can see

C A

See I want to write a story about two long lines

C A

Two pretty lines that fall in love

C A

Two little spaces they re filled with echoes

C A G A

Did the lines ever intersect one another, at a moment in time?

C A

Have you always cross like this

C A

Have you always cross like this

C A

Have you been this way all the time?

G A

Or were you always trying to get you with me?

C A G A

With me? With me? With me? With me?

C A

You used to check the weather now you stopped that

G A

You used to look at time now you stopped that

G A

You used to wear red now you wear white

G A

What happens all the time, it happens all the time

C A

Replace the word space with a drink and forget it

G A

Space is only noise if you can see.

C A

Grab a calculator and fix yourself

G A

Grab a calculator and fix yourself

C A

Read the news, baby, read the news

G A

Watch your clock, baby, watch your clock

C A

Watch the world, babe, on TV

G A

It s all together if you can see

C A

(Replace the word space with a dream and forget it

G A

Space is only noise if you can see)

C A

(Grab a calculator and fix yourself

C A

Grab a calculator and fix yourself)

G A

Space is only noise if you can see (x6)
