

**Goodbye
Night Ranger**

Night Ranger
Goodbye

E G# A C#
As the sun hides his head for another night s rest

B A B E
And the wind sings his same old song

E G# A C#
And you on the edge never close never far

B A B E
Always there when I needed a friend

C# B A
But it s hard living life on this memory-go-round

C# B A
Always up always down spinning round & round & round

B E G# A C#
And all this could be such a dream so it seems

B A B E
I was never much good at goodbye

E G# A C# B A B E

E G# A C#
There once was a time never far from my mind

B A B E
On a beach on the Fourth of July

E G# A C#
I remember the sand how you held out your hand

B A B E
And we touched for what seemed a lifetime

C# B A

But it s hard leaving all this behind me now

C# B A

Like a schoolboy so lost never found until now

B E G# A C#

And all this could be such a dream so it seems

B A B E

I was never much good at goodbye

E G# A C# B A B E X2

C# B A

And it s hard living life on this memory-go-round

C# B A

Always up always down spinning round & round & round

B E G# A C#

And all this could be such a dream so it seems

B A B E

I was never much good at goodbye

E G# A C#

And all this could be such a dream so it seems

B A B E

I was never much good at goodbye
