

**Turn Loose The Mermaids
Nightwish**

I have fought with this song since two weeks, because every chords I found was half tone lower than original song.

Sorry for english, if I made a mistake.

Cm **D#**
1. A kite above a graveyeard grey
A# **Gm**
At the end of the line far far away
D# **A#** **Cm**
A child holding on to the magic of birth and awe

Cm **D#**
Oh, how beautiful it used to be
A# **Gm**
Just you and me far beyond the sea
D# **A#** **Cm**
The waters, scarce in motion quivering still

G# **A#** **Cm**
Ch.: At the end of the river the sundown beams
D# **A#** **Cm**
All the relics of a life long lived
G# **D#** **A#** **Cm**
Here, weary traveller rest your wand
F **G#** **Cm**
Sleep the journey from your eyes

Cm **D#**
2. Good journey, love, time to go
A# **Gm**
I checked your teeth and warmed your toes
D# **A#** **Cm**
In the horizon I see them coming for you

Cm **D#**
The mermaid s grace, the forever call
A# **Gm**
Beauty in spyglass on an old man s porch
D# **A#** **Cm**

The mermaids you turn loose brought back your tears

Ch.: At the end of the river the sundown beams
All the relics of a life long lived
Here, weary traveller rest your wand
Sleep the journey from your eyes x4
