

Under A Goodbye

Nik Freitas - Under a goodbye
(This song has melody notes)

G#

Heavy is the sound
Aiming eyes towards the ground

Bbminor **C#**

And this is how it feels under a goodbye

G#

Pulling away from the curb
Lines in the windshield are getting blurred

Bbminor **C#**

And this is how it looks Through a goodbye
(Harmonica) **G#** , **G#**

G#

Stare into picture frames
Friends take the shape of canes

Bbminor **C#** **G#**

And this is how you stand next to a goodbye

Bbminor

No ships move on the water

Fminor

Too much food left on my plate

C#

No stars up in the sky

Bbminor

Sleep is for the lucky ones

Fminor

Who have their head on straight

G# **G#7**

Unwinding all the time

(Harmonica) **C#**, **G#**, **Bbminor**, **Fminor**, **F#**, **G#**, **C#**

G#

So cover up your memories
Look to the wind for company

Bbminor **C#**

Cause this is what you do

G#

after a goodbye
