loaded up with booze  
but it s up to me to use it  
and it s up to me to choose  
you see this kind of lifestyle  
is like a golden rule  
weather it s poison  
it works as our fuel

**A** I d like to get back to the world that s real **Bb** **A**  
and live a life without denial **Bb** **A**

I d like to call you up and tell you how I feel **Bb** **C**  
but I can t focus on the numbers on the dial

I m living in a tour bus  
this is what we do  
we drive from town to town  
just to satisfy you

Listen it s kinda sad now  
but please that s what I think  
to satisfy myself  
I need one more drink
