

**Make Me Fall**  
**Nina Nesbitt**

Capo 3

Verse: **C F**

Sometimes I wish  
We could just love,  
The way we did  
When we were growing up.  
Now all these things I do  
Were never quite enough,  
I ve nothing to prove and  
I m all out of luck.

Pre-chorus: **G F**

So I ll keep running into the rain,  
Heart first, head second, I m away.  
I ll keep running, running away,  
With my heart there for you to take.

Chorus: **Am F C**

So make me fall in love,  
Even if I get hurt.  
I ll be the only fool in the world,  
Just make me fall in love.  
In love, in love, in love (x3)  
Just make me fall in love.

Sometimes I think,  
I think too much.  
My mind is ticking like a clock that never stops.  
And all these things I do,  
Well they were more than enough.  
I ve nothing to prove and I m feeling in luck.

Pre-chorus

Chorus

In love, in love, in love (x3)  
Just make me fall in love.

(Feel free to correct me on any lyrical errors. I think the chords are correct.)
