Seesaw
Nina Nesbitt

```
G
Wanna make my eyes shut
G/F#
But I ve just come in half cut
Em                    C
and I know I won t sleep tonight

G
I just wanna call you up
G/F#
But tonight I really fucked it up
Em                       C
Cause I can t ever do things right

Em                            G
Tonight we re sat on the seesaw watching me fall
C Dsus4
Down
Em                  G
We are not equal what I did was evil
     C                      Dsus4
Like cheating in the playground

              G                    G/F#
We re on the seesaw but I m the one to fall
          Em        C
Keep going down down down
Dsus4        G                    G/F#
We re on the seesaw but I m the one to fall
         Em          C Dsus4
Keep going down down down

G, C, G
Alone

G
Next morning I wake up
      G/F#
My eyes still caked it make up
  Em                           C  Dsus4
I cant believe I said those things to you
             G              G/F#
Baby I didn t mean to but it s pointless trying to prove to ya
Em                       C
It s only something alcohol may do
```

```
Em                                          G
Tonight we re sat on the seesaw watching me fall
C Dsus4
Down
Em                        G
We are not equal what I did was evil
      C                            Dsus4
Like cheating in the playground

              G                        G/F#
We re on the seesaw but I m the one to fall
          Em            C
Keep going down down down
Dsus4        G                        G/F#
We re on the seesaw but I m the one to fall
          Em            C Dsus4
Keep going down down down

          Em
And my words came tumbling out
      G                    C
just as you turn around I can see by your frown
Dsus4
you re leaving me to drown
Em                            G
Head is spinning now like a merry go round
        C                    Dsus4
But this love Is not a playground

* = Toque o acorde uma vez e depois abafe

              G*
We re on the seesaw
                  G/F#*              Em*              C   D
And I m the one to fall I keep going down down down
              G
We re on the seesaw
                  G/F#*              Em*              C   D
And I m the one to fall I keep going down down down

G*
Down down down I m falling
G/F#*
Down down down I m falling,
Em*        C/G D
falling down

G*
Down down down I m falling
G/F#*
```

Down down down I m falling,

Em   **C/G D**
falling down

         G
On the seesaw
