

Some You Win
Nina Nesbitt

C **C/G** **Am**
I woke up on Sunday, lift my head. Friends on the floor around my bed
Head s hurting from the night before
F **G** **C**
Check my phone to find four missed calls. It s over with you now.

C **C/G** **Am**
Last night you turned off the switch I caught you tongue-tied with that bitch
No point making up an excuse
F **G** **C**
I don t need your lies to get me through I said it s over with you now.

Am **C**
For the last time I ve been fooled by you.
G **F**
And there s something you should know.

C **Am** **F**
I don t need you to be my blanket, Someone else could keep me warm.
Dm **G** **C**
This is not the way I planned it Someone else might come along.
Am **F**
I don t need you to put the film out. Someone else could write the script.
Dm **G** **C**
This is not the way I planned it. Some you lose but some you win. Hey hey.
Am **F** **Dm G** **C**
but some you win. Hey hey but some you win Hey hey Oh oh but some you win.

C **C/G** **Am**
You go to write an apology But I say I m right between this fate.
I got my friends and I ll be fine.
F **G** **C**
Fine is what you ll get parking on my line. Yeah it s over with you now.
