

Spiders

Nina Nesbitt

Intro - **Bb F** x3

Bb **F**
I keep trying to crawl into places I can't fit

Bb **F**
But it's something I just can't seem to quit

Bb
Loyalties broken, words have been spoken

F
I don't wanna hear

Bb
Filled with regrets about your empty threats

F
Mmm what happened here?

Bb
But now you come crawling boy

F
Like spiders in the night

Bb
And now you say sorry boy

F
You wanna make things right

Dm
You said you were now too hard

F
You took things too far

Bb
Chasing me in the dark

Dm
I was caught in your trap

F
I'm not going back

Bb
Cause I should have known

F
Where this would go

Bb **F**
I'm just a little fly sitting on your wall

Bb **F**
Whilst you're hiding in the corners for me to fall

Bb
Silence has broken, words have been spoken

F
Things are unclear

Bb
You're telling me now you've messed up somehow

F

That s quite evident here

Chorus (without where this would go)

Dm

Bb

You re the night-time wanderer

Dm

Creeping in my mind

F

You know what you re sorry for

Bb

You should have learnt from the last time

Dm

Bb

You re a silent conqueror

Dm

With your kingdom painted black

F

Bb

But the rain is over now

And I m coming back

Chorus
