Trouble In Mind
Nina Simone

This song is written by Richard M Jones, but for some reason UG didn t let me
register it under that namne. Nina Simone did however record this song...

[Verse 1]

```
C                         G7        C            F
Trouble in mind I m blue but I won t be blue always
          C                     G7            C
Cause the sun s gonna shine in my back-door someday
                    G7              C          F
I m gonna lay my head on some lonesome railroad line
      C                     G7      C
And let that 2:19 train pacify mind
```

[Verse 2]

```
                    G7        C            F
Trouble in mind I m blue I have almost lost my mind
          C                           G7        C
Sometimes I feel like living sometimes I feel like dying
                    G7                C      F
I m going down to the river gonna take me a rocking chair
      C                           G7          C
And if the blues don t leave me I ll rock away from here
```

[Verse 3]

```
                    G7        C                  F
Trouble in mind I m blue my old heart is beating slow
        C                   G7        C
I ain t had so such trouble in my life before
                    G7                C          F
My good gal she done quit me and it sure does leave my mind
      C                     G7              C
When you see me laughing it s laughing to keep from crying
```
