

**Favourite Song**  
**Nine Days**

// By: T.Strandberg

// Chorus ; Verse

**E** **G#m**  
What if everything you had  
**A**  
Was like a castle made of sand?  
**B**  
Would you open up your hand

Or hold on tight?

**E** **G#m**  
And what if everything was wrong  
**A**  
And no one knew your favorite song?  
**B**  
There s no one left to sing along  
with you tonight

**E**  
Everthing is all right  
**G#m**  
I will see you tonight  
**A** **B**  
Everything you want is in your hands  
**E**  
And I can t help you decide  
**G#m**  
The battles you fight inside  
**A**  
And what hurts you  
**B**  
You don t understand

// Bridge

**F#m** **A**  
And it feels like there s nothing right  
**F#m** **A**  
And its all the same to you anyway

- Chorus (**E G#m A B**)
- Verse (**E G#m A B**)

**A**

You never know what to say
